Topic: How School Fosters Human Excellence through Conscience – 3 Ways

Conscience is the inner sense of right or wrong in one's conduct or motives, impelling one towards the right action. The program started by seeking the blessings of the Almighty followed by the Welcome Address by Varshini.N. The comperes who led the show were Pranav Anandan, Johan Ciby and Haripriya B.

Strings of Soul: Conscience is the ability of human judgement to classify what is morally right and wrong. It is based on people's behaviour of perceiving things around them. A string of Soul was a musical ride to familiarize ourselves with the facets of Conscience. This Tri-lingual song was written and composed by the students of XII C.

Villain's Redemption: When we see something done against our principles and ethics, we stop it. And that's your conscience speaking to you. 'We never lose our demons. We only learn to live above them.' Villain's Redemption was a dance drama about shaping lives with conscience. It followed the story of a villain and his kid who learn to amend their ways for the best. The feet of the students carefully demonstrated the struggle that takes place between good and evil in our minds.

Voice of Hearts – thematic articulation highlighted the significant role played by our school in invoking the good conscience in every student. Moral Science Classes, celebrating Vigilance Awareness Week, providing a platform for Peer Interaction, and organising Vaccination Camps during the pandemic are all measures that show us the right way.

Vote of Thanks was proposed by Akshat Gupta.

The program concluded on a note of togetherness among the students.
