

Following corona virus concerns , the schools have been closed as a precautionary measure .

We at VEDA VYASA DAV PUBLIC SCHOOL are starting session for class XII as committed earlier. We are taking proactive measures to ensure that academic progress of students is not hampered due to non conduct of classroom sessions. We have therefore made a shift to the virtual mode(non contact).

The teachers will deliver e- lessons in the form of videos, audios and live demonstrations depending on the subject and topic . The students will also be provided with website links to visit and worksheets of various subjects.

Parents are advised to ensure that their children go through these sessions from home. Students may connect with their teachers to clear any doubt and make best use of their time. Content transaction done during these virtual programs will be treated at par with classroom programs.

Maintain good personal hygiene .Stay safe and blessed.
