

PARENT TEACHER PARTNERSHIP PROJECT

Dear Parents,

After the huge success of our **PARENT TEACHER PARTNERSHIP** Project last year; we plan to launch this project this year too .

We thank all the parents who supported and participated in our project.

This year too, we need the cooperation of mothers of our wards. What wonders can be done if the mothers as well as the teachers both join hands for the holistic development of our children!

We need your cooperation in making our activities even more successful.

Please send us the information given below through your ward, or can also mail at **info@vvdav.com**
