

MODEL G20

VEDA VYASA DAV
PUBLIC SCHOOL

PRESENTS

G20 SUMMIT

29th & 30th July, 2023

ABOUT US

'Success belongs to those who are passionate and committed to their goals and dreams.'

Veda Vyasa DAV Public School, renowned for its excellence in education has manifested this phrase into reality. Being one of the premier educational institutions we continue to strive to scale greater heights and to better our best. Through a plethora of activities we strive to explore every student's hidden talents and bring them to the fore.

Veda Vyasa Model United Nations (VVMUN) Society is one such endeavour to achieve this objective. The society is an association of young minds who believe that their voice creates an impact and also believe that their opinion holds the strength to metamorphose international dynamics. MUNs organise debates on current issues, and propose fruitful solutions to various global affairs. It develops critical thinking analytical skills and fosters skills of collaboration and diplomacy among the delegates. At a time when the world had almost come to a standstill due to the COVID-19 pandemic, we did not let it deter us. The members of the VVMUN society took up the challenge and organised the event 'Online' which was a stupendous success.

The growing stature of India on the global forum is reinforced with India taking over the Presidency of G20. This is a momentous moment for all of us. G20 premier forum for international economic cooperation plays a critical role in steering the global economy through the significant challenges it faces.

To mark this watershed moment the VVMUN Society invites you all to discuss policies that can spur growth and development.

So gear up and grab this opportunity to be part of the G-20 Summit and find pragmatic global solutions.

ADDRESS BY THE PRINCIPAL

The former US president John F Kennedy is quoted as saying: “The Chinese use two brush strokes to write the word 'crisis'. One brush stroke stands for danger; the other for opportunity. In a crisis, be aware of the danger—but recognize the opportunity”. As India takes presidency for G-20, our country has embraced the idea of 'vasudhev katumbakam', the world is one family. The decision to work together in the time of crisis and learning from each other's mistakes and successes i.e. the path of multilateralism have assisted everyone in mitigating the effects of the pandemic. The pandemic has provided us an opportunity to 'reflect,review and build back' our economies, following an approach that focuses on sustainable economic growth. The theme of this year's conference is particularly timely, as we continue to grapple with the effects of the COVID-19 pandemic on our economies and societies. The G20, as the premier forum for international economic cooperation, has a vital role to play in helping to shape the global response and chart a course towards a more resilient and sustainable future.'

The youth is rising and building a new future – they see the truth of Mahatma Gandhi's words "We must become the change we want to see in the world"—even as they obey their heart, follow their dreams and beat their own trail. We ought to provide the youth with a plethora of opportunities that will help them become the change-makers of today and tomorrow. As said. We hereby welcome the future leaders to VVDAV Model G20 to hone their skills and mend their way onto a better path for the future. Our goal is to instill the zeal to change, for the better. We invite them to shape their anticipating thoughts and insights and present them as bold and fierce opinions. We believe in the yearn to learn and sprout and henceforth work to inculcate a similar fervor into the young mindset of our participants.

We at VVDAV have always aimed at providing a conducive environment and substantial avenues to our learners empowering them with diverse knowledge that goes well beyond textbooks. Hosting this event is one such creative endeavor that will be a brilliant learning experience for students to hone their research, oration and leadership skills.

Warm wishes and kindest regards

Shalini Arora

Principal

ADDRESS BY THE MUN INCHARGE

"Courage is what it takes to stand up and speak; courage is also what it takes to sit down and listen." -Winston Churchill

It gives me immense pleasure to extend a warm and cordial invitation to the VVDAV Model G20, hosted by Veda Vyasa D.A.V Public School Vikaspuri to be held on 29th and 30th July, 2023. Model G20 provides an intellectual and unfeigned space for the participants to put forth their ideas, develop the spark of debating and understand international cooperation. It is built on the grounds of confidence, intellectualism, accountability, companionship, and a zeal for learning.

In the last two and a half years, we have seen a devastating pandemic causing havoc all over the world. Lack of planning and commitment to sustainable development is in part to blame for that.

As an educational institution that prioritizes sustainability and critical thinking, the school has taken great strides towards inculcating the attitude of conservation and empathy towards the community and environment in the students.

We are committed to bringing forth a splendid offline two-day conference with the vision: "Reflect, review and build back". The pandemic and its ubiquitousness gave us all a unique chance to reflect; look back in the mirror and decide to use this as an opportunity to start shifting towards sustainable development or face the consequences coming in the future years. Even though it seems like a relatively small step, through our G20 and UN simulations, we pledge to continue to provide a platform to the youth to showcase their art of diplomacy and deliberation and lead us into a future of sustainability. After all, the journey of a thousand miles begins with one step.

Regards and Best Wishes
Anju Singh
Supervisory Incharge
Head of Department (Social Sciences)

COMMITTEE AND AGENDA

The G-20
