## Imagination & Creativity

Kids are gift of god who possesses various talents. They just need a platform to have them. To give an equal opportunity to all the students to unleash their talents, creativity and to stimulate interest in subjects taught. A creative holiday homework was assigned to them, to realize their potential and dreams, an exhibition was organized by primary wing on 10th July,10. The models, charts and projects on different subjects were displayed which showcased their creativity , innovative ideas and efforts of children , teachers and parents. Students were the active participants and they stunned the visitors by showing them experiments, explaining their models and projects confidently. The visitors also enjoyed the number games organized by the little ones. The exhibits were appreciated by one and all.
