MESSAGE FROM THE PRINCIPAL

“Wise sayings often fall on barren ground, but a kind word is never thrown away. .”

Dear readers,

Life is a seamless fabric of change which is stitched with the needles of experience and learning. As society we witnessed so many changes during COVID in all walks of life.

It's been a while since students were engaged in reading, and we need to pay attention to reading and writing skills I invite all the students to hone their skills in every sphere and get acknowledged on this literary platform. Let us all come together to enjoy and celebrate the power of written word.

“Orchid”, the school E-newsletter is not just the harbinger of news but it also embarks upon its journey of recording events, ideas and achievements of the students of DAV SJVN Duttanagar, looking forward to being a witness to the creative pursuits of our young minds who shall be ignited and nurtured

Happy reading to all

Best wishes

April– May 2022

**Let us know Him who is the mighty Lord of lords,
The supreme Deity of deities,
The Protector of protectors,
The Holy of the holies,
The Lord of the world
And worthy of all adoration.**

**The beginning of the new session was held with holy Mantras and
Hawan performed by class XII students.**

Installation of play station and gym.

Issue 2

April- May 2022

General Awareness Programme regarding health was conducted in school to create awakening among students through speeches and talk sessions by the students and worthy teachers. World Health Day is celebrated every year to raise awareness about the overall health and well being of people across the world.

Celebration Dr. B.R. Ambedkar Jayanti

Today DAV SJVN DUTTNAGAR celebrated 131st Birth Anniversary (14 April) of Bhimrao Ramji Ambedkar in which students created awareness about his achievements of life.

Bhimrao Ramji Ambedkar (1891-1956 C.E.) popularly known as Babasaheb, was an Indian Educationalist, Lawyer and Politician. He was the principal architect of the Indian Constitution and first law minister of India.

Celebration of Himachal Day

Issue 2

April– May 2022

The students of DAV SJVN celebrated Himachal day by performing in different cultural activities. They glorified the culture of Himachal Pradesh by performing Folk Dance.

The students of Class-II celebrated Himachal Day by showing their artistic skills. Himachal Day is observed on 15th of April. The state became a province in India. Four districts of Mandi, Chamba, Mahasu and Sirmour were integrated with over two dozen princely states, leading to the formation of Himachal Pradesh as a Union Territory in 1948.

WORLD EARTH DAY

Class-X-C DAV SJVN School Duttanagar students displayed a beautiful presentation on **World Earth Day** on 22nd April to demonstrate support for environmental protection. Every year on April 22, Earth Day marks the anniversary of the birth of the modern environmental movement which started in 1970. It now includes a wide range of events coordinated globally by Earth Day organization including 1 billion people in more than 193 countries. The official theme for 2022 is **Invest In Our Planet**.

International Labour Day

Class-IX-B DAV SJVN School Duttanagar students gave their message by exhibiting a play on account of **International Worker's Day**, also known as **Labour Day**. Labour Day is a celebration of laborers and the working classes that is promoted by the international labour movement and which occurs every year in the month of May. Labour Day honours the accomplishments of laborers and workers.

MOTHER'S DAY CELEBRATION

Class-IX-A DAV SJVN School Duttnagar students conveyed their message by performing in play and reciting poems on account of Mother's Day.

Mother's Day is a celebration honoring the mother of the family or individual, as well as motherhood, maternal bonds, and the influence of mothers in society. It is celebrated on different days in many parts of the world, most commonly in the months of March or May.

SALAD DRESSING COMPETITION

DAV SJVN SCHOOL DUTTNAGAR conducted a creative salad dressing activity in which the students of VI-XII of different houses participated. The students used their creativity to make healthy salad by using different types of fruits and vegetables.

The activity inculcated the value of healthy eating habits— “Eat Well, Live Well and Be Well”. The students enjoyed and had fun.

Little girl

At newly built home,
I went to take a look.
I came out and looked around,
I noticed that, and I was trying to break their nest.
At that time I was just eight years old.
I took a long stick and I was trying to do an action.
But, I was not successful in my strategy.
I didn't give up.
Then two baby birds came out from there
with making a lot of chattering sound.
That time I took a lesson, if we want to do
anything in our life it needs hard work and time.

Short story of life

Life is something that originates from parents,
And ends with us and with our thoughts.
Life is something that makes our mind a hub of knowledge,
It Teaches us about how to enjoy moments, and give lots of experience and memories .
Every person becomes selfish with their growing age.
Person who is not selfish that is rare and rare is real.
Real persons live their life in such a way that nobody lives.
Life is sometime a heal , then we think of dying .
Life is sometime a heaven, we need more time to enjoy.
Life is everything when you have strategy to tackle the problems.
Live life and enjoy the every second of life .
God knows when we'll get off from this world.
Life is never going to come back. If you waste it you waste the most precious thing

NATURE

Save Nature
Learn to be brave
Trees are our gems
Don't cut their stems
Treat animals with care
Or your earth will be bare
You have brains
Give them grains
You have money
Give them honey
You have home
Let them freely roam
Save nature save
Learn to be brave

POVERTY

What even is the life of poverty?
It isn't always about prosperity

They are living so rough
Their stomachs aren't filled enough

The circle of poverty is vicious
Facing obstacles have become so obvious

What even is the life of poverty?
It isn't always about prosperity

Impossible to think of problems they deal
Their pain doesn't get time to heal

Our lives are so much easier
While they are in sorrow and tears

We people are so privileged
They are deprived of the basic advantage

What even is poverty?
Just that life isn't always about prosperity.....

COVID 19

The last two years were the worst years in the history of humans in which lakhs of people died and many of them faced drastic situation due to Covid19 virus. This Virus has not only affected a particular area but the whole world. It became more painful when it started snatching the innocent lives. The parents lost their children, on the contrary the children lost their parents due to this havoc. Due to this pandemic many big countries of the world imposed restriction on almost everything. This disease flared quickly from infected persons mouth , nose by coughing and sneezing. Due to this pandemic there was complete lockdown in many countries by which many lost their jobs and many shutdown their business. The best thing of lockdown was that the nature was at its best form. It became completely free from air pollution emitted by vehicles , factories and big industries which helped in thickening of Ozone layer. All of us were confined at one place. Everything was shut down. Still this pandemic is not completely gone as we need to take precautions until it is completely over. I really feel happy now that things are gradually retrieving. I pray that such pandemic should not haunt us again and hope that people will live happily and freely.

Thank you
