

DAV MODEL SCHOOL, DURGAPUR (W.B.)

Date:25.02.2021

Dear Parents,

Prayers for your health & well being !

The year 2020 has been a turbulent one across the globe and the academic session 2020-2021 has been greatly affected. However, with the aid of technology we had been able to provide our students an academic continuity through online classes. Further, with the improvement in the pandemic situation and the State Government allowing reopening of schools, vide its letter No. 49 dated 04.02.2021, we could hold a few face-to-face classes for their Practical Experimentation and doubt clearing sessions. Teachers, together with your cooperation have made the students comfortable enough to accept the existing circumstances.

Since the students have not taken a single test in the physical mode, the school has scheduled a Mock test for Classes X and XII to be conducted in a physical set up from the school itself. These tests will provide an opportunity to the students to assess their preparedness for the Board Examinations to be held in the month of May 2021.

The Mock test will be conducted **strictly following all the COVID-19 safety protocols** as issued by the Ministry of Health and Family Welfare, Govt of India and the State Govt. Only 12 students will be seated in one room so that proper social and physical distancing is observed. The furniture and fixtures are being sanitized every day before and after use. There will be thermal scanning at the entry gates for every student and staff. **No sick child should come to school for the examination.**

However, if you still have any concerns, you may choose not to avail this opportunity for your ward.

Best Regards.
