

Dear Parents,

Summer Vacation is a time that every student looks forward to. This break is an opportunity to rejuvenate, revitalize and rejoice. To make this period more exciting and a fun filled learning experience, we are providing you certain web links to different activities, catering to the diverse interests of your child.

1. If your child loves doodling, colouring and making crafty stuff at home, let him/her surf the website [artforkidshub.com](http://artforkidshub.com). This website has tutorials through which parent and child can work together and enjoy drawing.

2. Welcome to the world of Origami, a wonderful Japanese art. The websites [en.origami-club.com](http://en.origami-club.com) and [www.origami-fun.com](http://www.origami-fun.com) take you to world of interesting paper folding designs.

3. Everybody loves a good magic trick, and anything that teaches kids how to be magicians is an absolute winner. The website [magictricksforkids.org](http://magictricksforkids.org) is a journey to the magical land.

4. The websites [storynory.com](http://storynory.com), [en.childrenslibrary.org](http://en.childrenslibrary.org) and [mightybook.com](http://mightybook.com) are home to over 100 audio stories for children of all ages with tales from the Arabian Nights, Aesop's Fables, educational stories and many more.

5. The website [freekidsmusic.com](http://freekidsmusic.com) is a one stop shop for downloadable songs from over 130 musicians who create tunes for young kids under eight years old. It also has a complete section of traditional children's songs, also a great source of music for your child's birthday parties.

Please ensure that your child surfs the web under your guidance.

Happy Holidays!

DAV Public School, Dwarka
