MESSAGE

The tradition of celebrating Teachers' Day is about celebrating the noble profession of teaching and honouring the teachers of this great country. On Teachers' Day 2021, I express my heartfelt admiration and gratitude to all the teachers of India for their service and commitment to the welfare of society.

India inherits the sacred tradition wherein our Gurus have selflessly dedicated themselves to nurturing generations of young minds and shaping the country's bright future. Following the legacy of 'Guru – Shishya Parampara', our teachers have played an instrumental role in the holistic development of our students and enabled them to contribute to nation-building. Indeed, a teacher is to a nation what a soul is to a body.

Today, with the National Education Policy 2020, India is marching towards becoming the knowledge superpower, and our teachers are the most important stakeholders of this policy. The NEP 2020 strengthens the role of our teachers and empowers them to be a catalyst of social change. The policy aims at producing an exceptional workforce of teachers who will contribute to the nation's cause to the best of their potential.

I remain hopeful that our teachers will lead the on-ground implementation of the policy in its entirety and help in the realisation of New India of the 21st century.

(Dharmendra Pradhan)

सबको शिक्षा, अच्छी शिक्षा

कौशल भारत, कुशल भारत
