Dear Parents,

Kindly note that, CBSE is offering two levels of Mathematics i.e Mathematics Basics and Mathematics Standard for the students of Std X.

The details of the scheme are as follows:

- The two levels of Examination will be held in the subject of Mathematics in the Board examination for Class X and the same shall **not** be applicable to the internal assessment in class X.
- First level would be the same as the existing one, and the other would be an easier level. The nomenclature for the two Examinations will be; **Mathematics-Standard** for the existing level of examination, and **Mathematics-Basic** for the easier level of examination.
- The syllabus, class room teaching and internal assessment for both the levels of examination would remain the same; so that the students get an opportunity to study the whole range of topics throughout the year and are able to decide upon the level of Board examination depending upon their aptitude and abilities.
- The Standard level will be meant for students who wish to opt for Mathematics at Sr.Secondary level and the Basic level would be for students not keen to pursue Mathematics at higher levels.
- In case student fails at any level of Mathematics, he/she can appear at the compartment examination as per norms of the Board.
- A student who qualifies the Mathematics-Basic, shall be given an option to appear in Mathematics-Standard at the time of Compartment exams as per norms of the Board, in case he/she changes his / her mind to pursue Mathematics at Senior Secondary level.

You are requested to go through the information thoroughly and make suitable choice. No change in the choice will be accepted once the registration of candidate is done with the board.

Please select the level and mention in the format given below and submit it to the class teacher on or before 30.06.2022.
